3.04 CERTIFICATE OF PAYMENT OF CONTRACTORS AND VENDORS

Prior to final acceptance, the Developer shall certify that all contractors and vendors have been paid and no liens or other claims have been recorded, and that he knows of no intent to file a claim or lien against the property, the improvement, the City or private utility improvements.

3.05 CONVEYANCE OF EASEMENTS AND RIGHTS-OF-WAY TO CITY

The Developer shall convey to the City any easement, rights-of-way, or other property interest necessary to allow access to the City improvements to operate, maintain, or repair the City improvements. The Developer may condition the conveyance upon the City's acceptance of the improvements.

3.06 INSPECTION

- A. Upon receiving notice that the Developer has completed the improvements, the City shall schedule inspections of the improvements. The City may inspect all improvements and any other work in dedicated easements or rights-of-way.
- B. A privately owned utility may inspect any phase of work on an improvement of which it is to assume control.
- C. The City or appropriate privately owned utility shall inform the Developer in writing of any deficiencies in the work found in the course of the inspection.

- D. The Developer shall, at its own expense, correct all deficiencies found by inspections under Subsection A or B of this section. Upon receiving notice that the deficiencies have been corrected, the City, or appropriate privately owned utility shall re-inspect the improvements.
- E. The City or appropriate privately owned utility may continue to re-inspect an improvement until the Developer has corrected all deficiencies in the improvement.
- F. After final inspection has revealed that all improvements and other work in dedicated easements and rights-of-way meet City standards and the Developer has furnished the as-built drawings required in Section 3.02B, and project certification required by Section 3.03, and upon written request by the Developer, the City Engineer shall submit to the Post Falls City Council a recommendation for final acceptance of the improvements.

3.07 CONSEQUENCES OF ACCEPTANCE OF IMPROVEMENTS

- A. The City's final acceptance of the City improvements constitutes a grant to the City of all the Developer's right, title, and interest in and to the City improvements.
- B. Upon final acceptance of the improvements, the City will maintain said improvements, except regarding the Developer's obligations covered by warranty in Section 3.08.

3.08 DEVELOPER'S WARRANTY

- A. The Developer shall warrant the design, construction materials and workmanship of the improvements against any failure or defect in design, construction, material or workmanship which is discovered for one (1) year, except for sewer systems which shall be warranted until such time as the number of active users on the system reaches twenty percent (20%) of the approved user design capacity, but not less than one (1) year or longer than three (3) years. This warranty shall cover all direct or indirect costs of repair or replacement, and damage to the property, improvements or facilities of the City or any other person, caused by such failure or defect or in the course of repairs thereof, and any increase in cost to the City of operating and maintaining a City improvement resulting from such failures, defects or damages. The warranty period for the project shall begin upon the satisfaction and final acceptance of all improvements.
- B. The Developer's warranty shall not extend to any failure or defect caused solely by changes in design, construction or materials required by the City.
- C. Except as provided in Subsection B of this section, the fact that the City takes any action, or omits to take any action authorized in this Agreement including, but not limited to, operation or routine maintenance of the improvements prior to acceptance or surveillance, inspections, review or approval of plans, tests or reports shall in no way limit the scope of the Developer's warranty.

3.09 WARRANTY GUARANTY

To secure the Developer's performance of the warranty under Section 3.08, the performance guaranty provided by the Developer under Section 2.02 shall remain in effect until the end of the warranty period, or the Developer shall provide a warranty guaranty by one or more of the methods described in Section 2.02, determined by the following table:

<u>Actual Cost of All Improvements</u>	<u>Percent to Secure Warranty</u>
Less than \$500,000.00	10.0%
\$500,000.00 - \$1,000,000.00	7.5%
Over \$1,000,000.00	5.0%

3.10 CITY'S REMEDIES UNDER WARRANTY

- A. The City shall notify the Developer in writing upon its discovery of any failure or defect covered by the warranty in Section 3.08. The City shall notify the Developer before conducting any test or inspections to determine the cause of failure or defect to the extent the circumstances will allow and shall notify the Developer of the results of all such tests and inspection.
- B. The Developer shall correct or make a diligent effort to correct any failure or defect covered by the warranty within thirty (30) days of receiving notice of the failure or defect from the City. The Developer shall correct the failure or defect at its own expense and to the satisfaction of the City.
- C. If the Developer fails to correct the failure or defects within the time allowed by Subsection B of this section, the City may correct the failure or defect at the Developer's expense. If the Developer fails to pay the City for the corrective work within thirty (30) days of receiving the City's bill, the City may pursue any remedy provided by law or this Agreement to recover the cost of the corrective work, including calling upon the Developer's security. The City's attorney's fees in pursuit of such remedy shall be an allowed cost.
- D. In case of an emergency affecting public health and safety, the City may make immediate required repairs and shall notify the Developer and contractor as quickly as possible.

3.11 CONDITIONS OF REIMBURSEMENT

- A. If this Agreement requires the City to reimburse the Developer for all or part of the cost of an improvement, the reimbursement shall be conditioned upon the Developer's performance of all its obligations under this Agreement. Reimbursement shall be limited to that work described herein.
- B. Any reimbursement shall be subject to the approval of bonds and/or the appropriation of funds as required by law. If funds are not available at the time any reimbursement is due under this Agreement, the City shall reimburse the Developer when funds become available. The City shall not be liable for any delay in reimbursing the Developer due to the unavailability of funds, nor shall such delay constitute a breach of this Agreement.
