

## **Adopt-A-Street Program**

Please consider joining us in keeping the City of Post Falls streets litter-free by volunteering in our Adopt-A-Street Program! We have families, community groups as well as private businesses and industry who contribute their efforts to help keep our community clean.

Adopt-A-Street is a roadside litter pick-up program in where volunteers pick up litter throughout our city. Your group can select the street segment of your choice. As you participate, we will support you and keep track of the work you do to help keep your street litter-free. Street segments are typically one mile in length and marked with an Adopt-A-Street sign with your group's name on it. Groups are asked to pick up litter at least four times a year.

Adopt-a-Street volunteers:

- Get to choose an available street segment to adopt and keep clean
- Receive free clean-up supplies and safety equipment
- Receive free bag pick up following their cleanup
- Are supported by City Street staff

Anyone interested in helping to make Post Falls a more beautiful place by adopting a street of their own, contact us at 208-773-1722 or [streetinfo@postfalls.gov](mailto:streetinfo@postfalls.gov).
